Wild at heart:

- Hundreds of chicks have fledged from nest boxes provided by our **Barn Owl Project**, helping this magical species back from the brink
- **Water Voles** are now increasing on Essex's waterways, thanks to our partnership projects with landowners
- Our surveys have shown that **Otters are back** on every river catchment in Essex
- Our **Coronation Meadows project** is establishing beautiful wildflower meadows, loved by butterflies and bees, across Essex
- We have created **spectacular saltmarsh and freshwater wetlands**, of national importance for wildfowl and waders
- We manage **ancient woodlands** traditionally to ensure they continue to be carpeted in Oxlips, Orchids and Bluebells
