## Safeguarding Children, Young People and Adults at Risk Policy

### Part 2 – EWT Policy – Early Years Provision (EYFS)

**(NB: Part 1 refers to Essex Wildlife Trust Policy for Safeguarding Children, Young People & Adults at Risk)**

#### 1.0 Introduction

Essex Wildlife Trust (EWT) is committed to safeguarding all staff, volunteers, trustees, EWT members and members of the public who use the Trust land, services and facilities, and to protecting children, young people and vulnerable adults from abuse and harm. We are committed to practices that protect everyone and consider that safeguarding of all is everyone's responsibility.

This Policy operates alongside the Safeguarding Children, Young People and Adults at Risk Policy (Part 1) and Procedure (Part 1); this Part 2 Policy is specific to the Early Years Foundation Stage (EYFS) provision at EWT, and is supported by the Part 2 Procedure, which should be read in addition to this Part 2 Policy.

Safeguarding children is vital for our Nature Nursery setting; it is integral to our legal compliance with Ofsted, and also to protecting and promoting the welfare of children, and enhancing confidence and trust in our Early Years provision.

The Nature Nursery is a member of the Early Years Alliance and adheres to its expressed three key commitments for Safeguarding, referenced in the following broad statements:

- The Nature Nursery is committed to building a culture of safety in which children, young people and vulnerable adults are protected from abuse and harm in all areas of its service delivery.
- The Nature Nursery is committed to responding promptly and appropriately to all incidents or concerns of abuse that may occur and to work with statutory agencies in accordance with the procedures that are set out in 'What to do if you are worried a child is being abused' (HMG 2015) and 'No Secrets' (updated by the Care Act 2014) and Working Together 2018.
- The Nature Nursery is committed to promoting awareness of child abuse issues throughout its training and learning programmes. It is also committed to empowering children, young people and vulnerable adults, through its curriculum, promoting their right to be 'strong, resilient and listened to'.

#### 2.0 Aims of our Nature Nursery

As an Early Years Foundation Stage provider, the aims of our Nature Nursery are to:

- Provide a safe environment for the children to learn and develop.
- Keep the child at the centre of all that we do.
- Ensure staff are trained from induction to understand and apply our safeguarding policies and procedures, are alert to identifying possible signs of abuse (including those signs known as 'softer' signs), understanding what is meant by safeguarding children/child protection and

are aware of the different ways in which children can be harmed, including by other children through bullying or discriminatory behaviour;

- Be aware of the increased vulnerability of children with Special Educational Needs and Disabilities (SEND) and other vulnerabilities, and/or families and children who are isolated.
- Ensure staff understand how to recognise early indicators of potential radicalisation and terrorism threats and act on them appropriately in line with national and local procedures.
- Ensure that all staff feel confident and supported to act in the best interest of the child, share information and seek the help that the child may need.
- Ensure that all staff are familiar and updated regularly with child protection training updated every 2 years and procedures and kept informed of changes to local/national procedures, including thorough annual safeguarding newsletters and updates.
- Make any child protection referrals in a timely way, sharing relevant information as necessary in line with procedures set out by the Essex Safeguarding Children Board.
- Ensure that information is shared only with those people who need to know in order to protect the child and act in their best interest.
- Make any referrals relating to extremism to the police (or the Government helpline) in a timely way, sharing relevant information as appropriate.
- Keep the setting safe online using appropriate filters, checks and safeguards, monitoring access at all times.
- Ensure that children are never placed at risk while in the charge of nursery staff.
- Identify changes in staff behaviour and act on these.
- Take any appropriate action relating to allegations of serious harm or abuse against any person working with children or living or working on the nursery premises including reporting such allegations to Ofsted and other relevant authorities.
- Ensure parents are fully aware of child protection policies and procedures when they register with the nursery and are kept informed of all updates when they occur.
- Regularly review and update this policy annually with staff and parents where appropriate and make sure it complies with any legal requirements and any guidance or procedures issued by Essex Safeguarding Children Board. We will support children by offering reassurance, comfort and sensitive interactions. We will devise activities according to individual circumstances to enable children to develop confidence and self-esteem within their peer group and support them to learn how to keep themselves safe.
- To ensure there is a Designated Safeguarding Person for the EYFS and that all staff and volunteers know the names of all Trust designated and deputy designated officers and their roles.
- To ensure that all staff and volunteers understand the nature of abuse, and the correct procedures, should concern over a child in our care arise.
- To identify children who are suffering or likely to suffer significant harm, and take appropriate action with the aim of making sure they are kept safe both at home and at Nature Nursery.
- To support children who have been abused in accordance with their agreed child protection plan.
- To prevent unsuitable people working with children at Nature Nursery.

#### **4.0 Aims of this Policy**

This policy aims to ensure the safety of children in our care and give them the best start in life through our Early Years provision.

##### Leadership & Governance

- Support the health, development and protection of all children, young people and vulnerable adults in ways that will foster security, confidence and a systematic means of monitoring those known to be or thought to be at risk of harm, including through radicalisation.
- Ensure that the Trust contributes to assessments of needs which includes referral to early intervention services if they are in need of specialist support services.
- We will respond promptly and appropriately to all incidents or concerns of abuse or potential harm, working with partner organisations/statutory providers where necessary and appropriate.
- Develop a structured procedure within the Trust which will be followed by all members of the Trust in cases of suspected abuse.
- Ensure the Trust has robust systems in place for ensuring that true and accurate records of events are kept and appropriately stored, and to ensure that any such records clearly differentiate between fact and opinion.
- Develop and promote effective working relationships with other agencies, including the Police, Essex Safeguarding Children Board (ESCB) and Social Care, including in relation to preventing terrorism.
- Ensure that all staff and volunteers working within the Trust have been checked as to their suitability, including verification of their identity.

##### Environment & Culture

- Provide an environment in which all children, young people and adults at risk feel safe, secure, valued and respected, and feel confident and enabled to approach adults if they are in difficulty, believing they will be effectively listened to regardless of race, gender, sexual orientation, gender reassignment, religion or belief.
- We will operate a culture of safety, in which children are protected from abuse and potential harm in all areas of our service delivery.
- Emphasise the need for, and promote, good levels of communication between all members of staff.
- Advise staff and volunteers to maintain an attitude of “it could happen here” wherever safeguarding is concerned and always to act in the interest of the child, young person or adult at risk.

##### Learning & Development

- Raise the awareness of all staff of the need to safeguard children, young people or adults at risk and of the responsibility incumbent on every member of staff to identify and report promptly possible cases of abuse to the relevant agency and to enable everyone to have a clear understanding (through our procedures) of how their responsibilities should be carried out.
- We will promote awareness of safeguarding children through staff training.

- We will empower children through the early childhood curriculum, promoting their right to be strong, resilient and for their voice to be heard.
- Raise awareness through ongoing training, ensuring staff are made aware of the indicators of abuse and the action to take if such an action is suspected.
- Develop a robust system of continuous learning, through reflective practice, lessons learned from case management reporting, feedback from staff and volunteers via a safeguarding forum, collaboration with external agencies, and strong communications across the Trust.

**We recognise that:**

- The welfare of the child, young person or adult at risk is paramount, as legislated for in the Children Act 1989 (amended) and the Safeguarding Vulnerable Groups Act 2006.
- Children, young people and adults at risk regardless of age, religion or belief, race, disability, sex, gender, sexual orientation, gender reassignment, or marital status have a right to equal protection from all types of harm or abuse.
- Some children, young people or adults at risk may be additionally vulnerable due to the impact of previous experiences, their level of dependency, communication needs or other issues.

## 8.0 Role of Governance

- The Board of Trustees is committed to the [Charity Governance Code](#) which enables and supports compliance with relevant legislation and regulation.
- The Board of Trustees operates in accordance with [the Charity Commission Safeguarding Guidance 2019](#), ensuring that effective Safeguarding policies and procedures are in place, with a Code of Conduct applicable to all staff and volunteers.
- The Board is responsible for the approval of all new and reviewed policies and procedures relating to Safeguarding, including a review of the effectiveness of procedures and their implementation.

The DOO, DSL, DDSL and Safeguarding Trustee form the SAG.
- The SAG takes responsibility for all case management at the Trust. After any safeguarding related incident, the SAG undertakes a review of the procedure(s) and the efficiency with which the safeguarding duties and procedures have been discharged, making recommendations for improvement from key lessons learnt; this is to:
  - Ensure any deficiencies or weaknesses in safeguarding arrangements at the Trust are amended without delay.
  - Approve amendments to Safeguarding arrangements with regard to changing legislation and recommended best practice.
  - Consider the roles of the DSL and DDSLs to ensure they have sufficient time, funding, supervision, regular training and support to carry out their duties and responsibilities.
- The Safeguarding Action Group (SAG) works to evaluate policies and their implementation.
- Trustees prioritise safety and safeguarding of children, young people and adults at risk at the Trust, and contribute to a culture of safety whereby staff are confident to challenge anyone, including senior leaders, over safeguarding concerns.

## 9.0 Role of Safeguarding Ambassadors

Are responsible and accountable for ensuring that all staff and volunteers adhere to the policy and best practice and ensure that all staff fully understand the importance and priority of safeguarding in the Trust and their own responsibilities in relation to it.

## 10.0 Role of the Designated Safeguarding Lead and Deputies

The Designated Safeguarding Lead (**DSL**) and Deputy Designated Safeguarding Lead(s) (**DDSLs**) are responsible for:

- Ensuring all staff and volunteers are briefed through appropriate and varied means of communication on the relevant content of statutory guidance and procedures, including the briefing of new staff as part of induction.
- Receiving reports of alleged or suspected abuse within the Trust, and taking the appropriate action as specified in the Safeguarding Procedure. The DSL and DDSLs will

share responsibility for ensuring appropriate availability to cover operating times at the Trust in order to discuss safeguarding concerns. Emergency contact arrangements are agreed between the DSL and DDSLs, and communicated throughout the organisation.

- The DSL and DDSLs will share responsibility for convening and chairing the SAG meetings, which will be held quarterly.
- SAG will have responsibility for case management following all reports of safeguarding incidents and concerns, including the production of Lessons Learnt reporting.
- In addition to case management, the SAG has responsibility for supporting communication and embedding a culture of safety throughout the Trust. To support this, a Safeguarding Forum will meet quarterly, chaired by a member of SAG (usually the DSL or a DDSL). The Forum consists of representatives - including Safeguarding Officers – from across the Trust, and outcomes will be reported to the quarterly SAG meetings.

### **11.0 Role of Safeguarding Officers**

- Safeguarding Officers at the Trust are members of staff who have responsibility for disseminating information on safeguarding throughout the Trust, to build on a culture of safety and ensure sharing of knowledge and understanding regarding practices and processes.
- Safeguarding Officers will represent colleagues at Safeguarding Forum meetings, where issues pertinent to a safe working environment are shared – such as changes/updates in legislation, and identified need for additional or specific training for example – and that information is then communicated across teams. Each function at the Trust will have a Safeguarding Officer to represent at these Safeguarding Forum meetings.
- Safeguarding Officers are expected to participate in knowledge and information sharing at meetings, to have a good understanding of the Trust’s policies and procedures, and to be aware of the key contacts and the processes for reporting any concerns, issues or worries. Their role is a supporting one, where they can be approached by anyone with a concern or worry – with a view to directing concerns to the Designated or Deputy Safeguarding Leads; all issues and concerns should be directed through the Designated or Deputy Safeguarding Leads.

### **12. Role of Safeguarding Champions**

- Safeguarding Champions will have regular two-way communication with and will support Safeguarding Officers colleagues from their Directorate, and will share issues pertinent to a safe working environment– such as changes/updates in legislation, and identified need for additional or specific training for example – and that information is then communicated across teams. Each function at the Trust will have Safeguarding Champion/s.
- Safeguarding Champions are expected to participate in knowledge and information sharing with Safeguarding Officers, to have a good understanding of the Trust’s policies and procedures, and to be aware of the key contacts and the processes for reporting any concerns, issues or worries. Their role is a supporting one, where they can be approached

by anyone with a concern or worry – with a view to directing concerns to the Designated Safeguarding Officer or Deputy Safeguarding Leads.

**SAFEGUARDING IS EVERYONE’S RESPONSIBILITY; ALL STAFF, TRUSTEES AND VOLUNTEERS ARE EXPECTED TO SPEAK UP IF THEY HAVE ANY CONCERN ABOUT A SAFEGUARDING ISSUE.**

**CERTAINTY IS NOT REQUIRED BEFORE SPEAKING UP – IF THERE IS ANY CONCERN OR WORRY, OR IF ANYONE IS UNSURE OF WHAT TO DO, SPEAKING WITH THE PERSON RESPONSIBLE FOR SAFEGUARDING (OR ANYONE NAMED IN THE LIST OF CONTACTS) IS THE FIRST STEP.**

**SPEAKING UP AND SHARING ANY CONCERN IS ALWAYS A PRIORITY.**

### Disclosure and Barring Service checks

#### Essex Wildlife Trust DBS guidance

Essex Wildlife Trust has a legal obligation to conduct a Disclosure & Barring Service (DBS) check on some regulated roles. The Trust may also choose to carry out a DBS check on any of its staff, volunteers or contactors.

There are several levels of checks and the Trust must issue a check that is appropriate for the role in question. The DBS guidance is summarised below and the most common roles requiring checks are noted:

#### Enhanced Check with a Children's Barred Checklist

- Education Officers / other staff and volunteers who will be working directly with children who are unsupervised (e.g. by parent or teacher) more than 3 times a month.
- Managers of Education Officers / other staff as above.
- Suitable for running a childcare business, such as the Nature Nursery Manager (who also works directly with children).

#### Enhanced Check without Children's Barred Checklist

- Education Officers / other staff and volunteers who will be supervising children who *are* supervised (e.g. by parent or teacher) more than 3 times a month.
- Managers of Education Officers / other staff and volunteers as above
- Anyone applying for a gambling or lottery licence, such as the Fundraising Manager

#### Standard check

- Suitable for accountants, actuaries or anyone regulated by the financial conduct authority
- Not suitable for managers of the above

#### Basic check

- Suitable for any employee
- All safeguarding officers

#### Checks for SLT and Trustees

- All SLT and Trustees should have a basic check unless they fall into the categories above, particularly if they manage staff working directly with children, have financial responsibilities or some fundraising responsibilities.

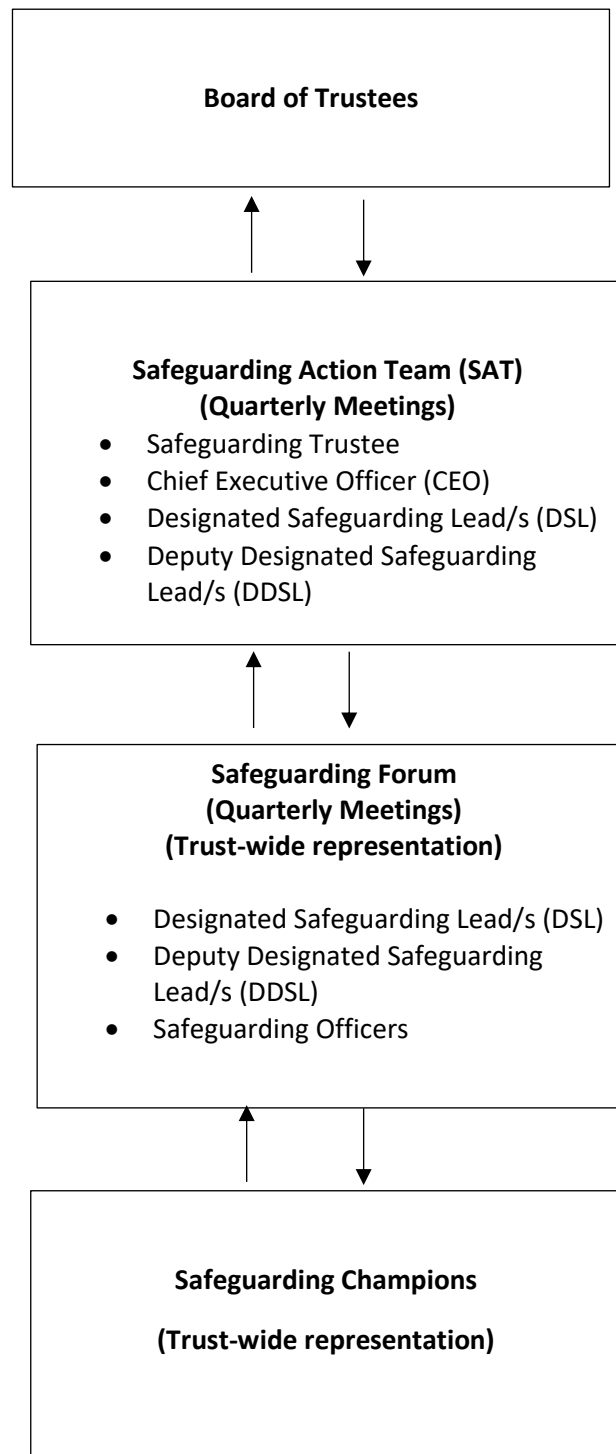

Checks required for managers of the people in the roles above will vary. Managers do not automatically need the same level of checks as staff. If you are unsure of what level of check your role requires you can check here <https://www.gov.uk/find-out-dbs-check/y>

Any roles that are DBS checked within the Trust will be re-checked every 3 years.
