

Current Investors in Wildlife

Please see below our current list of our Platinum Plus, Platinum and Gold Investors in Wildlife. All logos link directly to the company websites.

Partnership	
	<p>UK Power Networks - We own and maintain electricity cables and lines across London, the South East and East of England making sure your lights stay on. We maintain and upgrade power equipment. We move and connect new electricity cables</p>
	<p>Essex & Suffolk Water - supplies water services to 1.5 million people in Essex and 0.3 million in Suffolk. Our Essex supply area is part rural and part urban and includes Chelmsford, Southend and the London Boroughs of Barking and Dagenham, Havering and Redbridge. Our Suffolk area is mainly rural with the largest towns being Great Yarmouth and Lowestoft. The company has two large reservoirs which are used to supply top quality drinking water to our customers – Hanningfield Reservoir near Chelmsford, which contains around 25,000 megalitres of water; and Abberton Reservoir near Colchester, which underwent a £150 million enlargement scheme completed in 2014, increasing its capacity to 41,000 megalitres and securing the water supply to our customers for the future</p>
	<p>Mace – Mace is a global consultancy and construction firm who are committed to building a sustainable, resilient future and leaving behind a positive legacy. This is in line with their 2026 Business Strategy which details a strategic priority of 'to pursue a sustainable world'. Within this priority, Mace are targeting 500 hectares of biodiversity gain by 2026; 61 hectares of this has been secured through a partnership with Essex Wildlife Trust at their site - Fobbing Marshes. By funding the capital works to put in drainage ditches across the site, it will allow the land to hold winter rainfall well into the spring to provide an optimum wet grassland habitat for breeding birds.</p>

Platinum

Essex County Council are the co-ordinators of the Essex Climate Focus Area (CFA). The CFA has been created to pilot accelerated climate action and showcase best practice in sustainable land stewardship, in collaboration with local councils, charities, residents, landowners and businesses.

Infotec Consulting - acknowledged underground mapping specialists and consultants, offer a wide range of services utilising the latest available technology and experience gathered over the past twenty five years. Undertaking work on behalf of major utility companies, public authorities and some of the UK's largest developers and professional organisations, we specialise in the accurate location and mapping of pipes, cables, ducts, drains and sewers, as well as the identification of defects, voids and buried structures.
