

Weekend Centre Assistant

Thameside Nature Discovery Park

We have an opportunity for Centre Assistant to join our friendly and passionate team at our nature discovery park in Thameside, Thurrock.

About Essex Wildlife Trust

We are the County's leading nature conservation charity, committed to protecting wildlife and inspiring a lifelong love of nature and one of the largest Wildlife Trusts in the UK.

This is the most important decade in the history of nature conservation and an exciting time to be joining us. If we are to tackle the climate crisis and the ecological crisis, we need the best people to rally around environmental protection.

Our values are Impactful, Collaborative, United and Proactive.

The Role

As a Weekend Centre Assistant, the role will include serving customers in both retail and food and beverage areas, operating tills, and preparing drinks using the barista machine. Responsibilities also include maintaining a clean and organised environment and restocking shelves. You will work closely with our dedicated volunteers, who are passionate about supporting the Trust's mission. All revenue generated from our visitor centres directly funds vital conservation work across our reserves in Essex.

Working as part of a visitor centre team, the post holder will need to be a team player who can engage in a welcoming and professional way with our visitors - ensuring excellent customer service is always at the forefront.

We are looking for a friendly individual with an interest in customer service to join Essex Wildlife Trust in this visitor engagement role.

Thameside Nature Discovery Park is situated on the Thames Estuary and is fantastic for family days out, bird and ship watching, historical interest and getting away from the hustle and bustle.

The site which was once landfill and has been given back to nature is 120 acres at present and will eventually be 845 acres, it is a tremendous habitat for coastal and wetland wildlife, as well as very important grassland flora and fauna species.

Our discovery centre is located on top of the former Mucking Marshes Landfill in Thurrock, a reserve home to many species including barn owls, short eared owls, water voles, harvest mouse, skylark, cuckoo and shrill carder bee in addition to local cattle that graze the grassland during the year.
